

PACESETTER C1S LABEL

Features & Benefits

60, 67.5, 80, 94.5 lb. Text: Four basis weights available for all applications; from can labels, high graphics printing and mounting, to single-wall corrugated sheets.

Yield Advantage: Lower basis weights (67.5# vs. 70# and 94.5# vs. 100#) and high bulk means you save money without sacrificing performance or stiffness.

FSC Certified: Confidence that the world's strongest organization for guiding responsible forest management stands behind Pacesetter C1S Litho Label.

91 Brightness: High brightness, blue white shade; matches our Pacesetter C2S Sheet.

Elemental Chlorine Free: Environmentally friendly.

Acid Free, Archival Quality: Long shelf life.

Custom Sheet Sizes: Sheeter rolls stocked in multiple basis weights and roll widths for custom sizes minimize paper waste and purchasing costs. Fast order turnaround times and quick quote responses. Rolls to fit half size presses, 40-inch presses and grand format sizes.

Stocking Information 54lb. available for special orders
