PREMIUM SBS

Spectro[™] C1S

Spicers Paper is excited to announce the addition of Spectro C1S to our vast portfolio of products.

A paperboard designed to deliver superior quality, Spectro converts to eye-catching packaging that stands out amongst the crowd. It's a single-ply SBS with enhanced optics, making it ideal for premium applications that call for dynamic and vibrant images. It's the paperboard that provides a high-end experience at a lower basis weight—the perfect combination to make a lasting impression. That's the new standard.

Product uses

- Luxury beverage
- Cosmetic and perfume
- Health and beauty care
- Covers (books and magazines)
- Greeting cards, folders, lottery
- Calendars
- Shopping bags
- POS material
- Menus
- Direct mail
- Pharmaceutical and OTC
- Confectionery
- Fashion and lifestyle
- Consumer electronics

Product classification

Solid Bleached Sulfate
SBS Paperboard

Premium surface and printability

Spectro's smooth and uniform surface has a proprietary coating engineered for brilliant color reproduction, sharper details and better ink holdout. Whether using UV, aqueous, or specialty coatings, hot foil stamping, embossing, special effects, or varnishes, Spectro has the surface for the most demanding applications.

Enhanced optics for lasting impact

With a vibrant blue-white shade, high brightness, and unique coating formulation, Spectro minimizes fade resistance—ensuring lasting whiteness and image integrity.

A breadth of applications

Spectro offers unrivaled versatility and performance across numerous applications—including direct mail, luxury packaging, and point of sale materials—making it the ideal paperboard for multi-channel marketers.

Unmatched yield advantage

Spectro achieves a lower basis weight in higher calipers, resulting in a product that feels substantial and significantly reduces paper and distribution costs.

Strict tolerance standards

Manufactured within the tightest tolerance standards in the industry, Spectro's uniform printing surface delivers minimal variability within and across production runs.

Consistent downstream performance

As a premium SBS board, Spectro has the strength and durability to offer optimum convertibility for folding, die-cutting, gluing and other converting applications. It's designed with exceptional dimensional stability, providing more flexibility in layout and downstream operations.

Spectro C1S

The new luxury paperboard that makes any project eye-catching.
