

INFINITY[®] STYRENE FACED FOAMBOARD

INFINITY[®] is a bendable board which can be printed, shipped flat, then cold bent. INFINITY weighs 22% less, making it lighter to handle; lighter to ship! All of this makes it the perfect board for printing, shipping and point-of-purchase displays.

- 2.5 times the density of competing foams
- 3D Cold Bend capability
- Superior performance on digital cutting equipment like ZÜND[®]
- Cleanest surface—no pre-cleaning needed

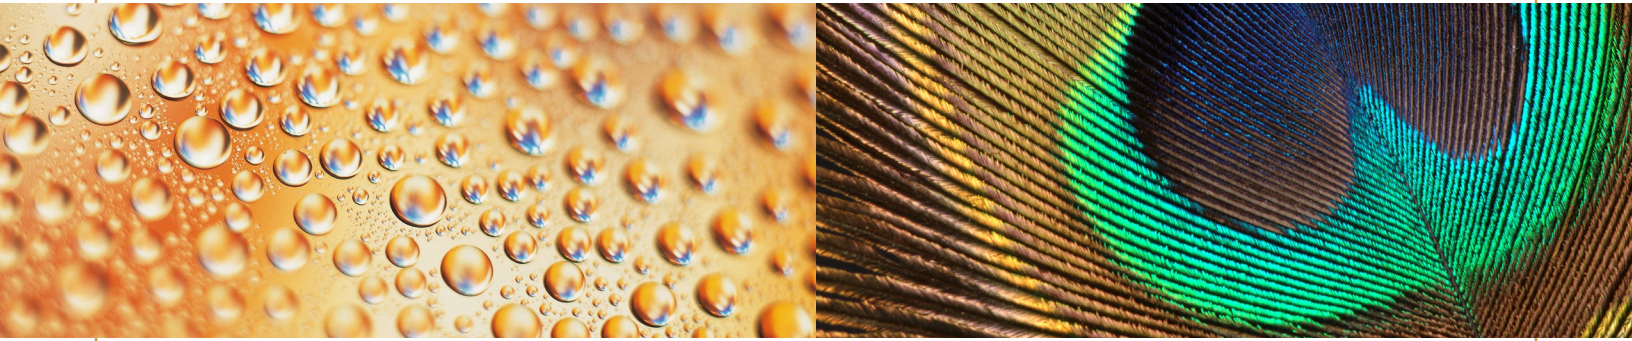

PRODUCT CODE	THICKNESS	SIZE	COLOR	QTY PER CTN
7002148	3/16	48" x 96"	White	16

7002744	1/2	48" x 96"	White/Black/Black	12

EAGLECELL[™] ALL - PAPER HONEYCOMB GRAPHICS BOARD

EAGLECELL[™] is the recyclable, eco-friendly option for replacing plastic, metal and wood as an all-paper honeycomb graphics board with 100% fully recyclable paper core and surface papers.

- 100% paper based
- Lightweight proprietary honeycomb core with 95% open space
- I-beam-like strength, rigidity and warp resistance
- 24pt 92 bright white clay coated liners
- Kraft color core bonded to bright-white SFI certified surface papers
- Superior performance on ZÜND and other digital cutters/routers

PRODUCT CODE	THICKNESS	SIZE	COLOR	QTY PER CTN
7002560	1/4	48 x 96	White/Kraft/White	24
7001888	1/2	48 x 96	White	12

INSITE REVEAL® CLAY-COATED PAPER-FACED FOAMBOARD

InSite Reveal® is a high-quality paper faced foamboard manufactured with Gilman's proprietary Reveal foam center engineered to retain its thickness.

Well known for being warp resistant, dent resistant and UV stabilized, InSite Reveal is the number one choice for commercial graphics and is perfect for fabrication, digital printing, screen printing, digital and knife cutting, routing, die-cutting and much more.

- Engineered with our proprietary Reveal® Foam Center
- Moisture-resistant clay coating for outstanding ink & color gloss—minimizing adhesive absorption & maximizing roll laminator speeds
- Superior performance on ZÜND® & other digital cutters/routers
- Manufactured in the USA
